Dedication

Dr. Louise Carroll Keeley
and
Dr. Catherine Wood Brooks

Thank you for your many years of service and dedication to Assumption College. You will both be missed greatly and we wish you the best in your retirement!

Thank you!

"I will never forget paddle boarding with Dr. Woodbrooks, meeting her cat Sal, or going out to dinner and watching our favorite SNL skits together. Most of all, I won't forget Dr. WoodBrook's kind spirit. She is warm and welcoming to all and made Assumption feel like home for me these past 4 years. Happy retirement! Enjoy Rome and beyond! Assumption will miss you!"

"Catherine, congratulations and well wishes to you on your retirement! We could never thank you enough for your continued leadership, support, compassion and dedication to Student Affairs and your students. The lessons, values and guidance that you have provided will remain present in our work. Thank you for all that you have shared with Assumption College."

"My favorite memory of Dr. Keeley was when the SGA Execs were meeting with her one summer before all of the students got back. It was one of our first meetings with her. She went to say something to me and blanked on my name. From that moment forward I was known as McGillicutty to her."

"Dr. WoodBrooks, thank you for everything you have done for SGA and for Assumption. You have touched the lives of so many students and we wish you nothing but the best as you move to the next chapter of your life!"

"My favorite memory of DWB is watching her chase after the ducks when they got out of hand. She would name each and every one of them and took care of them like they were her children. I've driven by the duck pond countless times and she always seems to be there feeding her beloved ducks."

"Dr. Keeley, to a wonderful scholar, teacher and person. What a joy it has been to watch you work and learn from your ethic. Congratulations on your retirement."

"Dr. WoodBrooks, over the past 20 years of friendship and as colleagues, no one has had more of an impact on the shape my career than you. Thank you for all the support. Congratulations on your retirement."

"Who can capture Dr. Carroll-Keeley at Assumption? One image. After a wise, informed, nuanced, impressive presentation to the Board of Trustees a few years ago, the Chairman said something like, "We have a philosopher for a provost." That's high praise indeed."

"When I think of Dr. Woodbrooks, I think of many contributions to Assumption, some seen, some not seen. One seen might stand for many unseen: Dr. Woodbrooks feeding the ducks. Her car is pulled up alongside the water, trunk open wide, and a buffet of what look to be delectable treats inside. The ducks clearly know a friend, and cluster around her, quacking happily. (Now that I think of it, this is how students react to her as well.) A happy image of health and care, generosity and love."

Letter from the Editor

Dear Assumption Community,

This year, your yearbook staff has worked tremendously hard to create a book that encompasses our whole Assumption community. We have spent many long days and nights to make this book the best one yet.

This year's theme, "Where Everybody Knows Your Name," truly showcases Assumption College. This really is a place where everybody knows your name. You'll be walking to class and you'll see someone you know and the two of you will say hi to each other. Sometimes this simple hello or smile to a familiar face can make your day.

This year's cover was developed in June of 2018 and brought to life by cover artist Rick Brooks at a yearbook conference. To emphasize the tight-knit community of Assumption, we put the theme on the cover. We decided to use blue and white to truly encompass Assumption and its spirit.

Something new we decided to do this year was to change the set up of our book. In previous years, the book was set up in sections: seniors, events, athletics, etc. This year, we decided to go with a chronological set up. Setting up the book chronologically meant that we would put the book in the order that events happened.

I want to thank my amazing yearbook staff, Brianna, Caitlyn, Eric, Celia, & Eva. Thank you so much for everything this past year, I truly couldn't have done this without all you. I also want to thank my advisor, Kayley; we couldn't have had such a successful year without you, thanks for keeping us on task and ahead of deadlines.

We hope you enjoy this year's book and can enjoy it for years to come!

Sincerely,

Jillian Geyster

Letter from the President

Dear Members of the Class of 2019:

Most of you arrived on the campus of Assumption College four years ago uncertain about what lies ahead of you. I am sure that you went from moments of anxiety to moments of excitement as you began this chapter in your life. At your matriculation ceremony on your first day of class, I said that you would be transformed during your four years as a result of your experiences inside and outside of the classroom. Now, four years later as you come to the end of your college education, you may be experiencing similar feelings of excitement and anxiety as you look into a future yet to unfold with all of its opportunities and challenges. However, unlike four years ago, as a result of who you have become during your time here, you face the future with confidence because you are a very different person than when you first stepped foot on this campus. There will be uncertainties as you leave this campus, but your education at Assumption has prepared you to face whatever lies ahead and wherever you venture. Through the efforts of the faculty, staff, and administration, you have been exposed to a wide array of disciplines which have expanded your mind as you have considered new ideas, new ways of looking at the world around you, and new ways of questioning. Above all, we have sought to prepare you to think through your values and life as we have formed your mind, heart, and soul.

Regardless of your degree - whether in business, education, the sciences, the social sciences, or the humanities, your education at Assumption has been distinctive. Your education affirms a set of values grounded in the Catholic intellectual tradition. At Assumption, we recognize that learning is sacred because in our quest for knowledge and truth, God reveals Himself and in that act of revelation we are transformed and, in turn, the world itself is transformed. You will now go out into the world with the knowledge gained here to make a positive difference.

As you go forward from this place, it is my deepest hope that Assumption College has not only been a place where you have learned and developed to live successfully in society; rather, it is my hope that it has also been a place where your values and beliefs have been formed and that you feel compelled to create a better world for all people. If that is indeed the case, then the College motto, "...until Christ be formed in you" has become a reality in your life.

Assumption is now your alma mater. I hope that you will always feel a special bond with the College and that you will return often in the years ahead. Congratulations on your accomplishments and my sincerest best wishes for a successful future. God bless you.

What's happening in Worcester

Assumption is lucky enough to have students represent Worcester college students and Assumption students on the Worcester Student Government Association (WSGA). Jill Geyster and Lily O'Connor are executives on the E-Board this year as Vice President and Clerk. Ali Fitzpatrick, Brendon Padula and Ethan Pilon represent Assumption as delegates on WSGA.

This fall, the Worcester Railers Hockey team hosted college students at their "College Night" game on November 15th. Pictured at the game with Pierre are Mark San Clemente, Andrew Belschner, Ethan Pilon, Neydi Ramirez and Jill Geyster.

In November, Assumption students had the opportunity to go to different locations around the City to help with naming the new baseball team coming to town. Students stood out in the rain to collect name suggestions from the people of Worcester.

Worcester Red Sox Fan Plan Meeting:
In February, Dr. Charles Steinberg came to campus for a Fan Plan Meeting which is where community members can give their ideas about what they want to see at Polar Park. During this meeting, the 500th idea for the Park was given!

Dance Marathon at Holy Cross:
"Standing on my feet for 12 hours was one of the most difficult yet rewarding experiences. Being able to bond with not only other Assumption students but also Holy Cross students, made me appreciate Worcester even more than I did before. Standing in solidarity for the ones suffering from AIDS was the least I could do and getting to dance was an added benefit." -Collen MacNeil

Letter from the Senior Class President

To the Class of 2019,

There you are: You have just joined the Class of 2019 Facebook group, you just graduated high school, and now you're ready to finally move away from home and officially start the rest of your life. Next thing you know, BAM! Henrietta Lacks! You must now log into Blackboard, no...Brightspace...okay yeah, Blackboard, to A: find out how to make a thread, and B: figure out what a thread even is. You are officially a student at Assumption College.

It is truly amazing how much can happen in four years. It is not everyday that you get the chance to stop and reflect on a major journey that you are on the verge of accomplishing. As hard as it can be to come to terms with the fact that we will go the rest of our lives without seeing some of the people we are used to seeing everyday, it is comforting to know that our memories last forever.

We have come a long way as the Class of 2019. There have been plenty of bumps along this long four-year road, but for every bump, there has been an even longer strip of fresh pavement. Some of these bumps included budget cuts, lost majors and lost faculty. However, nothing can compare to the endless hours spent in Chuck's with friends cracking jokes, or rushing to get your homework done before class. Either way, I'm sure that for the rest of our lives, none of us will be able to hear the names "Charlie" or "Chuck" without thinking of the busy lunch spot next to Dunkin' Donuts. I mean, come on, when else in your life will you be able to get a double cheeseburger and fries within five minutes, swipe your card and get on with your day? After all, if you use your school ID to pay, you're not actually using real money, right?

School will end. We all have our own paths made for us, which we will follow. No matter what happens or how much things change over time, one thing will always stay the same: We will always be bound together as members of the Class of 2019.

Sincerely,

Anthony Mastrocola

Orientation

COMPASS Orientation '18 welcomed the Class of 2022 to campus with abundant icebreakers, Hound Games, and the Light the Way Ceremony. These 25 Orientation Leaders made a lasting impact on the lives of our first-year students. Orientation Leaders welcome the first-year students in June and in August.

Student Leadership Training

Our student leaders enjoyed time together before all students returned to campus for move-in day. They participated in workshops and small group discussions to self-reflect and prepare for the year. They had lots of fun playing games and racing at Tri-State Speedway and participated in our annual Assumption Loves Worcester Service Day.

Red Sox Partnership

On October 25th, 2018, we announced our partnership with the Worcester Red Sox as one of the 21 founding partners. This partnership will transform experiential learning for students both at Polar Park and in the City of Worcester as a whole. "The ballpark and team will become an extension of the College's footprint," said President Francesco Cesareo.

Bleed Blue

Bleed Blue, organized by SGA and Athletics and hosted by seniors Andrew Belschner and Victoria Petrie, showcased all varsity sports at Assumption College. There were free t-shirts, food, and entertainment during the event. Throughout the day, students paid to pie staff and students in the face and all the proceeds went to Team Impact.

Houndcoming

Although it was a cold and rainy day, it did not bring down the spirits of Assumption students welcoming alumni back to campus for Houndcoming. Before kick-off, students enjoyed free giveaways in Plourde Recreation Center sponsored by the Philanthropy Club. Football faced their toughest competitor, LIU Post and came up short.

"The XC team showed tremendous perserverance this year. There were many ups and downs but the team still came together to place 3rd at NE10 and 4th at the NCAA D2 regional championships with one of our runners making it to NCAA D2 nationals. Overall, everyone on the team exhibited a great work ethic and contributed to a positive team atmosphere."

-Sarah Amato

"After a very trying season filled with a lot of injuries. The women powered through placing 3rd at conference and 4th at regionals with 5 of the top 7 girls being completely new to the field. Overall, it was a very successful season with our own Ki Marston making it to nationals. These new runners show extreme potential and I'm excited to see what they have to show in the coming years."

-Meghan Slinkskey

Quote from Coach:

"The women's team entered the year as the defending regional champs and overcame a near-full rebuild to finish amongst the top schools once again.

Lone-returner Kialeigh Marston individually qualified for NCAA's to lead the up and coming Hounds to a third place conference finsih and fourth in the East region."

"The season went tremendously well for the men, finishing a program high with 6th place in the conference, as well as 7th in the region. The team made enormous improvements throughout the year, and under the guidance of newly instated head coach Trent Baltzell, the team looks to continue to improve and grow into one of the best long distance dynasties in New England."

-Joe Baron

"Our men's team had an overall outstanding showing this year by finishing 6th in the conference, as well as 7th in the region.

With the help of coaches Trent Baltzell and Liam Hillery, the team only looks to get better in the future with only 3 seniors graduating."

-William Mardo

Quote from Coach:

"The men's team answered the bell all season. They used their young talent and added a maturity that had been lacking in past years to prove they belong as a top contender in the conference and region. Although it was a record breaking year in essentially all team aspects, there is only one way to go with this group and that is up."

"This field hockey season really proved that this program recruits fighters. Every single girl on this team puts everything they have into each game. ACFH molds you, not only into a great player, but a great person and I could not be more grateful for my past four years." -Kolby Burger

"This year's season was so successful because our team was able to bond early on and make connections with one another on and off the field. I am grateful to have been a part of such a wonderful program these past four years. This team has given me life long friends and I know that the lessons I've learned playing field hockey for Assumption College will help shape my future career." - Sarah Bodzinski

"I couldn't be more proud and thankful of how hard everyone played and for making it such an incredible year for me and the other seniors. We were able to come together as a team to overcome the obstacles that we faced and we were always able to give it our all to reach our goals. I wouldn't have asked to spend my last season with any other group of girls!" -Gina Burton

The Field Hockey team finished with a 12-8 overall record and a conference record of 7-6.

Quote from Coach:

"The 2018 season was such a great one. We were able to build off of the success of last year and despite losing in the semi-final of the conference championship, I am proud of the run we made. We are thankful to the senior class and their leadership. They have left the team in a great spot for 2019. We are looking forward to seeing how we are able to use the experience of this season to make next year successful."

The Football team finished with a 6-4 overall record and a conference record of 6-3.

Quote from Coach:

"The 2018 Hound football team has a lot to be proud of. Although the season didn't finish how we expected, this years' class of graduating seniors will leave a lasting legacy as one of the winningest football classes in Assumption history. We plan to build on the success of this group and keep moving forward."

This season was a great end to my athletic career here. We are a small team, so we had to work together in order to make the season successful.

We made it to the NE-10 Quarterfinals for the fourth year in a row and our #1 singles player Julia Chappell earned player of the year. I couldn't be prouder of my teammates for this season and I can't wait to see how they do in future seasons."

-Paige Beniot

"This season was a positive change for everybody. We had a new head coach, only seven players, and everyone had to fill a new role. Our key to success this sesason was definitely our team chemistry and unity. I could not be more proud or grateful for my teammates and coach for all the hard work they put in this year and I can't wait to see what we do next!" -Camille Latoni

The Tennis team finished with an 8-4 overall record and a conference record of 7-4.

Quote from Coach:

"As a team we took some very positive steps this year. We improved the depth on our roster resulting in the lowest one-day and two-day scores in team history. These scores enabled us to compete in the same playing groups as some of the better teams in the region. The experience of playing with top teams allowed us to see first-hand how far our program has to go to contend. Kate French enjoyed another All Conference type season and Christine Cutting impressed all year long with her consistent play"

"I am honored to have been chosen to be a captain for this team. I am very proud of our accomplishments this season. Thank you to the seniors for being incredible role models and leaving impact on the program. I cannot wait to come back next year and hopefully continue our success."
-Victoria Stowell

The Women's Soccer team finished their season with a 11-7-2 overall record and a conference record of 8-4-2.

Quote from Coach: "This was an exciting year for the women's soccer program. We made it to the NE10 championship game, which has not been done in quite some time. It would not of been possible without great leadership from our captains, hard work and dedication from the team, and a positive culture. This was a year that set the foundation for years to come!"

Captain's Corner

"A major part of our success was because of how strong the team chemistry was and it was an honor being a part of it. Everyone was focused from the first day of preseason until the last game of the season. I couldn't have asked for a better group of guys." -Stephen Lauria

"This season we exceeded the goals we set up as a group and were able to write our own piece of history for Assumption. Full credit must go to the boys for adjusting to a new coaching setup. I believe that next year we will see much of the same." -Harrison Eden

The Soccer team finished with an 8-7-2 overall record and a conference record of 6-5-2.

"The team displayed great leadership this year as we had 3 captains. We made a big improvement starting with moving in early for preseason to recruiting 4 new freshman. The team is always working on getting better and there is always a positive attitude towards reaching new goals. We are all so excited to see the program improve, especially with our 3rd win in a row at NEIGA Championship." -Mia Rapoza

"This was our best season yet and we were extremely happy with how things turned out. We ended up winning our last tournament of the season and Catherine French won overall. We had a strong team and we are all returning next year and couldn't be more excited!"
-Christine Cutting

"This season we had our lowest team score to date and I believe we'll continue to improve going forward. The team worked really hard this season and it's been very fun getting to see the effort pay off during tournaments."

"I am extremely proud of my fellow teammates. The fall season went amazing overall. As a team we really moved up the rankings and caught a lot of attention from the rest of the Division. We did this by consistently placing top 3 in many of the tournaments. We also had the second lowest average team score out of the 15 teams in the region. We averaged 300.67 which was our main goal going into the fall. Throughout the season, coach O'Hara would remind us that "We're a sub 300 team" to fuel and drive our success. " -James Elliott

Captain's Corner

"Out of the 4 years that I have been here, I think that this has definitely been the strongest season for our team as a whole. From the start of the season with almost half of the team being new faces, to taking home the NE-10s. We have become a unified family allowing us to achieve all that we did this year."

-Alessandra (Ali) Petrozza

"Our team is one that is faced with many early mornings and late nights. We don't have much downtime but the hard work definitely pays off. This past season we lifted, swam, and incorportated drylands more than ever. This past NE-10s is one i will NEVER forget, and it's all due to the work we put in as a team. I could not have wished for a better way to end journey with the swim team better than this!"

-Kelsey Kozikowski

"I couldn't have asked for a better end to a fantastic season and memorable swimming career. Hanging that chapionship banner back up on the wall definitely makes the early mornings worth it. Congrats to an incredible team, I'll always be rooting for you guys!"

-Morgan Nicholls

Quote From Coach:

"The Fall 18/Spring 19 is off to a great start with the team currently undefeated (23-0)at home since Nov 2011. The team also is enjoying 23-semesters in a row of Academic All-American honors and currently is 23-3 in dual meets and invitionals for the season. The team heads to Barbados for their winter training trip on Jan 3rd 2019 and are looking forward to the championship segment in mid-February where they hope to challenge once again for first place."

"We have a great group of guys this year which makes it fun to come to the rink everyday. Everyone in the lineup has contributed at both ends of the ice which has led to a great deal of success for us this season. Looking forward to bringing home another NE10 championship this spring!"

-Kieran Peters

"I am extremely proud of how hard the team worked this year on and off the ice, the seniors have accomplished so much as a group introducing a winning mentality that will carry on though the years."

-Matt Damelio

"This season has been nothing more than success as a back to back 15 win seasons! I couldn't be more proud of the group of men we have!

This season shows the focus and energy to win evry single day on and off the ice! We havve playoffs coming up, our goal to win NE-Championship! #RollHounds"

-Dante Tomassini

"Great group of men that came together to create something special...memories that will last a lifetime"

-Peter McDonagh

Quote From Caoch:

"It's been a privilege to coach such a fine group of student-athletes this year. The entire team shows up everyday with a positive attitude, willingness to work hard, and an expectation of winning. It has been awesome to watch our players gel together as a team, and achieve the success they have earned (we went 5-0 in our first five games for the best start in program history). Our captains have done an unbelievable job in uniting a team comprised of so many Freshman. I could not be more proud of a group of young men who consistently get the job done in the classroom, on the ice, and in community service projects."

Quote From Coach:

"Both groups have set themselves up to have fantastic finishes to this indoor season. There is a definite confidence building within the team every single day. A number of school records have been broken already with many more to go. A top 3 finish for the women and a top 4 for the men at the NE10

Championships would reset school record finishes. Those have been the goals all season and I believe we will be able to achieve them. We also have a few potential NCAA qualifiers, so it would be great to make the trip back to Kansas in early March!"
